

# PreSchool Development Grant

## Needs Assessment Regional Meetings

March 2019

To better understand the needs of young children and their families in South Carolina, regional meetings are occurring to gather feedback from stakeholders. Information from these meetings will be used to inform a strategic plan focused on promoting positive outcomes for South Carolina children and families.

Twelve meetings in differing locations across the state will occur in March, April, and May 2019.

Please distribute this information widely to encourage participation in these meetings. Please register using the link provided. All meetings are open to anyone interested. The meetings as well as surveys, focus groups, interviews, and document review will be used to develop a comprehensive needs assessment defining priorities for South Carolina. The March meeting dates and locations are provided. April and May meeting dates and locations are forthcoming.
