PERMIT #24139

Deficiency Cited	Corrective Action Needed	Expected Date of Correction
Tracking was inaccurate in the 3-year-old room. (20 children were present and 19 were on the tracking app). Tracking was inaccurate in the 1-year-old classroom due to teachers splitting up the class. One teacher did not have a tracking sheet, as there was only one computer for each class.	A training with CC-RR on tracking procedures is required for all staff.	09/19/25

Providers/Operators are required by regulations and statutes to be in compliance at all times.
