### Out-of-State Checks for Child Abuse

South Carolina conducts out-of-state checks for child abuse and neglect due to new rules in the Child Care & Development Block Grant Act of 2014. These rules require a child care worker who has resided outside of SC in the past 5 years to be checked against other states' abuse and neglect registries. A person may not be employed by a child care provider that is eligible to receive CCDF funds if the person refuses to consent to the check or if he/she knowingly makes a materially false statement in connection with the check. For more information, contact your regional licensing office.

**Proposed Child Care Center Regs Pass**  
Proposed regulations for Child Care Centers have been approved by the General Assembly and signed by the Governor. Once ratified, the regulations will take effect. You can find a [copy of the regulations here](#).

Child Care Licensing is working to providing child care centers with specific information to help ensure compliance in the upcoming weeks. Please be on the lookout for this important information.

### REMINDER: NEW Early Learning Standards

Don't forget to download the early learning standards. The newly revised Early Learning Standards utilized input and expertise from early childhood professionals across the state. These standards have been adopted by DSS's Division of Early Care & Education, the Department of Education, and Head Start, and they represent development and learning in young children ages birth to 5 years old.

### Emergency Preparedness

Understanding the types of emergencies your community may face is essential to being prepared for them. It's important for businesses to plan and prepare for a hurricane or other emergency that could affect

normal operations and employees. A large-scale disaster anywhere in the state can be disruptive for any business, which is why it is critical for every

child care program to have continuity and safety plans in place before a disaster occurs. The Division of Early Care & Education offers resources for emergency preparedness and disaster planning. Utilize your ABC Quality Assessors, Child Care Resource & Referral Quality Coaches, and Child Care Licensing Specialists to develop a plan that will meet your needs.
